LITTLE THOMPSON BARN

This simple horse barn is an all time favorite and the owner's dream come true. Located near Berthoud, the clean looking barn architecture and rough sawn pine siding help blend the building into the surrounding countryside. The efficiency of this floor plan is very functional for the owners. It provides 2 horse stalls and a tack room on one side, and a large open area on the other. An 8ft. lean-to facing south provides plenty of shade for the horses.
